Finding Your Property Using the Comprehensive Wastewater Management Plan (CWMP) Interactive Map

Once you have opened the interactive map, follow the below instructions to find your property on the map.

1. In the top-right corner of the map, click where it says “Search”

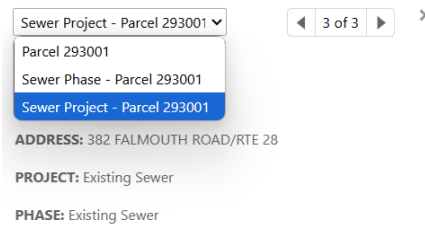

2. Type in the property street number and street name (Ex.: 382 Falmouth Road)
 - a. Note: Some street names may have different punctuation in this system. If your property is not found, please try a different punctuation.
 - i. Ex: “Capn” instead of “Cap’n”; “Bearse’s” instead of “Bearses”
3. Click the magnifying glass or hit the “Enter” key to search.

4. On the left-hand side of your screen, a panel should appear with three options: “Parcels”, “Phase 1 Sewer Expansion Projects”, and “CWMP Sewer Phase”

5. Click the “Phase 1 Sewer Expansion Projects” label to open information about which CWMP project the property is in.
 - a. On the map, the property should be highlighted.

You can also click a property on the map to bring up information on that property. If you do, please make sure to select “Sewer Project – Parcel #####” from the dropdown.

Understanding the

Comprehensive Wastewater Management Plan (CWMP) Interactive Map

- The “Phase 1 Sewer Expansion Projects” tab details the property address, project, and phase. Once you have the name of the project you are in, additional information can be found by clicking the Barnstable Water Resources link on the page.
- Properties in Phases 2 and 3 are labeled as such, and do not have individual projects assigned at this time.
- To expand the information on the map, click the “Layers” tab in the bottom-left corner. After this, click the “+” icon next to the applicable layer (CWMP Sewer Phase; Phase 1 Sewer Expansion Projects; etc.)
 - The layer must be “checked” to display additional information
- Once the additional information is shown, it will include a guide to what each color means.

This screenshot shows a pop-up window for a specific project. At the top, it says "Phase 1 Sewer Expansion Projects (1)". Below that, it lists "Sewer Project - Parcel 293001" with a star icon and a right arrow. The project name "Sewer Expansion Project" is highlighted in yellow. The address is "382 FALMOUTH ROAD/RTE 28". The project type is "Existing Sewer" and the phase is also "Existing Sewer". At the bottom, there is a link: "For more information click here: [Barnstable Water Resources](#)".

This screenshot shows the "Layers" panel of the interactive map. At the top, there are three tabs: "Home", "Layers", and "Parcels (1)". The "Layers" tab is active. Below the tabs, there is a list of layers. The first layer is "Phase 1 Sewer Expansion Projects" with a checked checkbox and a slider. Below it, there is a sub-section for "Phase 1 Sewer Expansion Projects" with a checked checkbox and a right arrow. Underneath, there are three items: "Non-Sewering Parcel" with a green checkmark icon, "Pre-CWMP Sewer" with a grey square icon, and "Strawberry Hill Road Sewer" with a purple square icon.
